

PACKAGE D

Wall Humidity & Dampness Repair

"Trace it, treat it, seal it — for good."

STARTING FROM

AED 55
per m²

LABOUR ONLY — MATERIALS NOT INCLUDED

Call-out fee **AED 149** — waived if you proceed

Diagnosis and repair of rising damp, condensation and water-ingress staining on internal and external walls, including source tracing, salt and mould treatment, re-plastering and repainting.

WHAT'S INCLUDED

- Moisture mapping & source investigation (roof / plumbing links)
- Removal of affected plaster & paint
- Anti-salt & anti-fungal treatment
- Application of waterproof render / damp-proof plaster
- Repainting to match existing finish
- 1-year warranty against recurrence from the same source

WHY ACONSTRUCT

- Licensed Dubai contractor — Licence No. 1404995
- Uniformed, background-checked technicians
- Fixed price agreed before work starts
- Written warranty on every job
- Same-week booking, WhatsApp updates

HOW IT WORKS

01

Moisture survey & source diagnosis

02

Written report with root cause, not just symptom

03

Remove damaged plaster back to sound substrate

04

Treat salts & apply damp-proof render system
